FROM THE PRINCIPAL'S DESK....

Dear students welcome and congratulations to all of you in the 4th issue of this newsletter, ~~Ripples of Anji~~. I wish these ripples of knowledge enrich and enlighten your life with wisdom, peace and prosperity.

This newsletter which is being rolled out after a great victory over the deadly pandemic COVID-19, marks the launch of an activity that foregrounds our campus- a platform where gifted minds converge and share their treasures of knowledge and wisdom. I feel quite elated that we have started this newsletter and are starting this new issue with the reopening of our educational institutions after remaining triumphant in the long standing battle against COVID-19. My ecstasy is beyond the expression when I see all my students and faculty once again on this campus. I congratulate all of you for being us triumphant.

~~Talent wins game, but teamwork and intelligence win championship~~ (~Michael Jordan)

Since teamwork is the ability to work together toward a common vision, I find this newsletter an opportunity to acknowledge the individual accomplishments of our sincere and dedicated faculty and support staff who are working round the clock to help this institute achieve the heights of success. I acknowledge that this organizational objective would not have been possible without the sincerity, dedication and commitment shown by our students the evergreen, all-rounder ~~Zorawarians~~ who make us proud by displaying their exceptional talents, and have brought laurels not only in the academic but also in the allied areas of arts, creativity, sports and debates.

Since this newsletter marks an important milestone in the journey of invincible ~~Zorawarians~~ I sincerely hope that this prologue serves as an inspiration for our multifarious growth and academic vibrancy. Taking a cue from the achievements of the past, I wish our endeavors achieve peaks of success.

DR. CHANDER SHEKHAR**

EDITOR'S NOTE

It is my pleasure to introduce the newsletter for the 2021-22 session of Govt. General Zorawar Singh Memorial Degree College, Reasi. This edition highlights achievement, new development, activities along with multiple initiatives undertaken by our College, despite the harsh challenges posed by the pandemic. The enthusiasm of College students and faculty is visible in every event mentioned in this newsletter irrespective of its online or offline nature. Adjusting to the altogether new way of online teaching mode in J&K was a challenging task, yet the faculty and students of this College, made the transition smoothly and adopted the same online platform for co-curricular activities as well. I take this opportunity to acknowledge the support offered by our Worthy Principal, Dr. Chander Shekhar to ensure that College doesn't compromise with its quality even in these difficult times. His sheer will and determination coupled with never ending cooperation from the College staff made it possible to host as many activities in 2021-22 as possible.

I wish the readers will appreciate the efforts made by students and teachers of this College to bring yet another edition of the College newsletter.

A Nation becomes strong with the youth in it. Today's youth becomes the pillar of nation tomorrow. Thus it is very important that youth should be healthy and fit. They should be given more concentration and care. If the youth is healthy, the nation will automatically be healthy.

Thus we need "Healthy youth for Healthy India". To spread this message on the "World Health Day" an online video making competition was organized in which students were asked to express their views on the above mentioned theme. They were asked to discuss the ways in which they keep themselves fit. Many students of the college participated in the competition.
